Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Stop! Look! Listen!

We will not have five tons of Turkeys for Christmas, not even one ton, as strictly first class Turkeys will be scarce. But what we will have will be fresh from the barn yards of Old Virginia. Do not have a Thanksgiving Turkey for your Christmas dinner. The time has come when the good people of Alexandria can't even with plenty of money get what they may desire, as all lines of first quality goods are scarce. Therefore place your orders early, as you may be disappointed. Respectfully,

MR. GOMPERS'S ULTIMATUM.

Frederick D. Uunderwood, president of the Erie Railroad Company, declared in New York yesterday that Samuel Gompers, head of the American Federation of Labor, was reckoning without his host when he said the wages of organized labor "would not have to come down along with the prices of raw materials in the present general business and financial depression."

"The inexorable law of supply and demand, which is the basis of political economy," said Mr. Underwood, "will make itself felt in the case of organized labor, as well as in other branches of business, Mr. Gompers notwithstanding.

"In case an attempt is made to hold up the present abnormally high price of labor, when the earnings of railroads and industrial corporations do not warrant it, the alternative will be to shut down.

"Labor has been at a premium for the last four years, and it has also been less efficient than ever before. All classes of employes have pointed to the heavy earnings, and, in consequence, have received their share in the shape of higher wages.

"Now a change has come. Earnings are falling off, and employes will receive a lower wage. This they should do without protest, as they had the precedent that when their earnings were improved their wages were advanced."

Mr. Underwood added that the drop in the cost of living gives the wage earner under a reduced scale of wages, the same purchasing power he had in the past.

When to Go Home.

From the Bluffton, Ind., Banner. "When tired out, go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the household." To which we would add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by Richard Gibson and W. F. Creighton & Co.

ARREST OF SUSPECT.

Charged with being the murderer of Frederick J. Romer, the wealthy Orange, N. J., business man, who was found with his head crushed in his room at the Park Hotel, at that town, last week, George Wilson, colored, aged twenty-seven years, was arrested last night in Philadelphia. Wilson is the negro, the police assert, who sold Romer's dismond ring, valued at $750, to George Woodson, a negro jewelry dealer in Philadelphia, for $150. The ring was positively identified as that which was stolen from Romer by his slayer. The identification was made by Robert E. Cutter, of Maiden Lane, New York, who sold the ring to the murdered man 5 years ago. Two other rings of value also were taken from Romer's body, and the police are now making every effort to obtain some trace of them.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Hapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at all drug stores.

EX-CASHIER ARRESTED.

Commonwealth's Attorney William H. Stewart, yesterday afternoon took the first decisive step in the case of the People's Bank of Portsmouth, Va., which recently failed, when a warrant was issued for the arrest of A. B. Butt, the former cashier of the institution.

Application was immediately made for bail, and Mr. Butt was taken before Judge Kenneth A. Bain. The court said that the amount of bail should be $10,000, and bond was given in this amount for the appearance of the defendant at the first day of the February term of the Court of Hustings, February 6, to answer the charge of falsification of the books of the bank.

The People's Bank closed its doors a little more than six weeks ago. The examination that was made by the experts, who were at once put to work on the books, showed that the institution was in a very bad way. The directors posted a notice to the effect that the books had been falsified and the assets of the bank dissipated. Meanwhile, a receiver was appointed, and the examination proceeded under his direction.

Mr. Butts was treasurer of Trinity Protestant Episcopal Church, which lost $6,000 by the failure.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray is a remedy that relieves at once. All druggist, 75c., including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, DEC. 19, 1907.

TWO HUNDRED persons have just been formed into a class in New York to serve as subjects for investigation into the mysteries of hypnotism. It is said that President Roosevelt is taking a deep interest in the work. The possibilities of the investigation as outlined by Dr. Gayer are unbounded. It is likely, he says, that much of the strange period of human life beyond the cloudland, where history begins, will be revealed through the subjects under hypnotic influence. One ignorant servant girl, while hypnotized, has already told things about the life of prehistoric Egypt, previously unknown. Other subjects, he says, have revealed strange things connected with their previous existence. One object of the investigations is to cure insanity. It might be suggested that people generally regarded as sane are likely to run the risk of becoming unhinged if they are convinced that metempsychosis is correct.

PERSONS who have conscientious scruples about buying Christmas trees, lest they should be particeps criminis in the destruction of our forests, will be reassured by the statement of Chief Forester Pinchot that "trees are made for use, and there is no other use to which those trees could be put which would contribute so much to the happiness and good of mankind as their use for children and families on Christmas day." He calculates that the 4,000,000 trees supposed to be used annually would grow on less than fourteen hundred acres, so that "the amount is utterly insignificant when compared to the other great drains on the forest," and, furthermore, trees suitable for this purpose "do not grow in the old forests, where reproduction is most important, but in the open." So lug home a spruce or hemlock sapling and make the children happy.

ATTENTION is often called to the wholesale loss of life in coal mines notwithstanding the many devices to prevent such calamities. In a bulletin issued yesterday by the Geological Survey, entitled "Coal Mine Accidents, Their Causes and Prevention," figures are given to show that the coal mines of the United States are causing the death of three times as many men per 1,000 employes as the coal mines of European countries. In the last seventeen years 22,840 men have died in American coal mines. In 1906 alone, 2,061 men were killed and 4,30C injured In the present month nearly 500 lives have been lost in three mines in this country. These are ghastly statistics, and the entire world would rejoice if safeguards could be provided for rendering mine horrors impossible, or, at least, minimizing them.

METHODIST ministers are after Speaker Cannon's scalp in earnest. Members of the conference now in session in Philadelphia Sunday attacked the Speaker in a terrible fashion. Dr. Perley A. Baker, superintendent of the National Anti-Saloon League, which is making a wholesale fight for the passage of prohibitory and local-option legislation throughout the country, led the attack. Among other things he said:

It is a disgrace and an outrage that a man whose lips drip with profanity and whose energies are directed to the furthering of the liquor interests of the country should occupy a position of power only second in this great republic.

Dr. Baker also attacked the Speaker for advocating the army canteen at a meeting in Chicago.

IN a lecture at Peabody Institute, in Baltimore, yesterday, Prof. William B. Brooks, of Hobart College, said that with the aid of radium a young lady could retain all of her freshness and beauty for a hundred years or more. The Alexandria ladies do not require radium; they retain their beauty and freshness without it.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Dec. 19.

To Mr. John Westley Gaines (dem. Tenn.,) fell the honor today of being the first congressman to pass the lie on the House floor in the Sixtieth Congress. The House was considering a resolution for a deficiency appropriation of $50,000 to purchase free seeds, to replace those of the agricultural department destroyed by fire. Mr. Gaines bristling with anger got the floor, "I notice that a local paper says that I yesterday led a foot ball rush on the appropriations committee for this appropriation." "The man that said that is a liar—an unqualified liar." Bang, bang, went the speakers gavels. Congressman who had last session heard Mr. Gaines call a fellow member a liar, stood up. The "kid" members scooted for the lobbies. Mr. Gaines had to sit down, however, without doing further damage, his minute for rebate having expired.

According to New York politicians, here, the dove of peace will settle down over the meeting of the New York county republican committee tonight, at which it is proposed to pass a resolution endorsing Governor Hughes for the presidential nomination. Representative Sherman said today that it was practically certain that the committee would not only give the Hughes candidacy this boost, but would also express approval of President Roosevelt's administration. There seems to be considerable ground for the report that a deal has been arranged with the administration forces, whereby the latter consent to let the Hughes endorsement go through in return for the complimentary Roosevelt resolution.

Capt. Robert O. Van Horn, of the Seventeenth Infantry; Capt Sherwood A. Cheney, of the general staff, and Lieut. Thomas Holcomb, jr., of the Marine Corps, have been appointed social aids to the President at the White House.

Now its the steel trust that's to be investigated may be. Representative Garrett (dem. Tenn.) introducod a resolution in the House today asking the Secretary of Commerce and Labor to report all the facts within the knowledge of his department in regard to the purchase of the Tennessee Coal and Iron Company by the United States Steel Corporation last November. He also wants the Secretary to report whether the trust controls all steel companies in the United States and if not, where those not controlled are located and their capital stock.

The report that it has been decided to have the battleship fleet return via the Suez canal was officially denied at the White House today. It is stated that the return route has not yet been determined upon, and probably will not be until the fleet reaches San Francisco.

The President is today giving a farewell luncheon to Viscount Aoki the Japanese Ambassador and the Viscountess Aoki. Secretary and Mrs. Root are also the President's guests at the luncheon.

Speaker Cannon appointed Samuel W. Smith, of Michigan, chairman of the District of Columbia committee.

Sixtieth Congress.

Washington, Dec. 18.

SENATE.

The Senate was not in session today, having adjourned on Wednesday till Saturday.

HOUSE.

When the House met today the resignations of Representative Knowland (rep. Cal.) and Calderhead (rep. Kan.) from the committee on banking and currency were received. The Speaker appointed in their places McKinney (rep. Ill.) and Durey (rep. N. Y.).

The assignments to committees were then announced. Representative Burton remains at the head of the rivers and harbors committee. Henry, Connecticut, ranking member on agriculture owing to defeat of Wadsworth, of New York, was taken off the committee, the chairmanship going to Scott, of Kansas.

Mr. Longworth, the President's son-in law, goes on ways and means, succeeding Grosvenor, of Ohio. Mr. Carlin, of the Alexandria district, is upon the elections committee No. 3, and upon the committee on coinage, weights and measures.

Captain Richmond P. Hobson, of Alabama, achieved his ambition by being appointed on the naval affairs committee.

Mr. Wallace (dem. Ark.) in one minute todao made three long speeches. The House applauded Wallace's performance for another minute. He uttered only one line of each speech on the floor, and then got unanimous consent to print the rest for the enlightenment of his constituents. They were on the income tax, good roads, and the tariff.

The House passed a bill appropriating $50,000 for purchase of seeds for free distribution through congressional channels. This money is needed to replace seeds recently destroyed by a fire in one of the agricutlrual department buildings.

CONGRESSIONAL.

In the Senate yesterday Mr. Culberson, in a speech advocating his resolution for an investigation of the causes of the financial situation, charged that the election and continuance of Mr. Roosevelt in the office of President was a menace to the interests of the country.

Senator Tillman and Senator Lodge created merriment during an eruditt debate on the question of State's right regarding prohibition and interstate commerce

Senator Teller's efforts to secure passage of a bill relieving miners from certain obligations led to sharp words between Senators.

A constitutional debate was precipitated by Mr. Tillman, who introduced an amendment to the existing law seeking to give the States absolute police power over liquor in interstate commerce from the moment it enters the boundary of a State.

DEMOCRATIC CAMPAIGN COMMITTEE.

The following Senators have been appointed members of the democratic congressional campaign committee: Taliaferro of Florida, Clay of Georgia, Stone of Missouri, Newlands of Nevada, Latimer of North Carolina, Owen of Oklahoma, Taylor of Tennessee, Culberson of Texas, and Martin of Virginia. Representative Flood, of Virginia, Lloyd of Missouri, and Bowers of Mississippi, are the three candidates for the place as chairman of the democratic congressional committee, who will probably be chosen on January 17, unless the date for the meeting is changed.

Killed by Policeman.

New York, Dec. 19.—Shot while in the act of robbing the Empire Woolen Company in Mary avenue, Brooklyn, by Policeman George Jackson, Samuel Parks died today at the Cumberland Street Hospital. Jackson was patroling his district when informed that burglars had broken into the Empire establishment. He went there and found three men carrying out goods and loading them into a wagon. The robbers ran when he tried to arrest them. A shot fired into the air did not stop them and Jackson aimed at the fleeing men. Parks fell with a bullet in his back.

WASHING WITHOUT WATER.

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs, which cause it, with Canthrarides Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Growers.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

News of the Day.

Assistant Postmaster General Hitchcock denies that he has been using the public patronage to gather delegates for Cortelyou.

Lieutenant General Stoessel was accused yesterday by Col. Gurko of having shown the white feather under fire on two occasions.

Congressman Champ Clark while in Pittsburg yesterday said Bryan will be the next president if the republicans do not stop quarreling.

Wireless telephone messages having been transmitted two hundred miles, it is expected by a new method to establish similar communication between Ireland and America.

The late King Oscar II's corpse was laid today beside other past and gone Swedish royalties in Ridarholms Cathedral in Stockholm. His funeral was magnificient and was attended by many thousands.

Two persons are believed to have been drowned when a coal barge sank off Pier 1, North river, New York, today Captain Von Haden and his wife were on the barge at the time, and it is believed were asleep when the craft sank.

Admiral George Dewey wasn't seventy years old last night, but he will be on December 26, so he celebrated last evening anyway, by giving a dinner at his home in Washington at which the President and Mrs. Roosevelt were two of the guests.

Gus Ringling, head of the greatest circus combination in the world, owning a controlling interest in the Barnum and Bailey, Forepaugh, Sells and the Ringling Brothers circuses died yesterday in New Orleans of a complication of diseases. He was the oldest of seven brothers, and was 55 years old.

Representative Byrd, of Mississippi, has introduced a bill to prohibit the intermarriage of whites with negroes or Mongolians in the District of Columbia. There is at present no law preventing such miscegenation, and Representative Byrd is taking the lead in the effort to place such a law upon the statue books.

Central office detectives in New York yesterday arrested Richard Gordon, a negro porter employed by the United States Express Company, late last night, on the suspicion that he may know something about the theft of the $32,000 worth of jewels stolen from the company, consigned to the New Willard Hotel, Washington.

E. C. Joy, the new husband of Jessie Busley, leading lady of "In the Bishop's Carriage" company, fired a shot at Harry Elmer, advance agent of the "Peggy from Paris" company at the stage entrance of the Opera House in Forth Worth, Texas, Tuesday night. Joy's jealousy of Elmer, whom he accused of seeking to win Miss Busley's affection, caused the shooting. No one was hurt and both were arrested.

Orders have been issued by the War Department by which the officers and men of the army will be relieved of the strain of standing at attention with arm upraised during the playing of the Star Spangled Banner on formal occasions. Hereafter they will be obliged to salute only at the last note of the music. The tendency of some band-masters to draw out the national air made the position previously adopted a tiresome strain.

M. Blerioti, the French aeronautic expert, had another narrow escape from death yesterday, when his aeroplane was wrecked. The machine was traveling at the rate of about thirty miles an hour, when the wires supporting the wings broke, and the aeroplane came to the ground with a crash. M. Bleriot was caught in the wreckage. He was extricated with difficulty, but it was found that he had escaped with severe bruises.

No trace has been found of Frederick Evans, the sixteen year-old boy who was beaten by Capt. William Barnes Monday morning on the highway near Asheville, N. C., and left in a pine thicket, after Barnes had overtaken Evans and his fourteen-year-old daughter, Katherine, who were eloping. Barnes yesterday was held without bail for trial on the charge of murder. He declared that all he did to the boy was to give him a whipping and leave him in a pine thicket beside the road.

A bomb, loaded with dynamite, exploded early yesterday morning beneath a house in Havana, in which five non-striking masons were sleeping. No one was hurt, and the building was only slightly damaged. The police believe the outrage was planned by strikers. Joaquin Diaz, president of the masons' union, was arrested yesterday and held in $5,000 bail on account of a fiery speech made at the meeting of strikers last Monday. The speech preceded the street fight, in which firearms were used.

By wireless message there came yesterday the announcement of an order that sends the United States fleet of battleships on the longest voyage that men-of-war have ever taken. The message came from Admiral Evans, giving publicity to President Roosevelt's sealed orders that the battleship fleet, after reaching the Pacific, shall continue its cruise still westward, pass through the Suez Canal, and make a complete circumnavigation of the globe. In the fulfillment of this order the fleet will cover more than 31,000 miles and will return to its native shores many months hence.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed for blood poison, weakness and all stomach, liver and kidney complaints, by all druggists, fifty cents.

DeArmond and Williams Fight.

Representative DeArmond, (dem. Mo.) ane minority leader Williams (dem Miss) passed the lie on the floor of the House just after adjournment today. A fist fight between the two followed, which required six congressman to stop. Williams was taken to his room with blood streaming down his face, DeArmond having gotten in a vicious blow that opened the check several inches. DeArmond was roughly handled, but escaped without bloodshed.

The trouble arose over a request by DeArmond that Williams, as minority leader, make certain committee assignments. These were not made. DeArmond demanded an explanation. Williams said he had forgotten them, so congressmen say who heard the men. "You're a liar," shouted DeArmond. Williams wheeled in a flash.

"No man can call me that," he cried, as his right arm struck. DeArmond who returned the blow with such force as staggered Williams. The blood fairly spurted from the gash inflicted. Other blows were exchanged, and the two men had each other by the throat, before they could be separated by their colleagues.

Another Mine Disaster.

Connellsville, Pa., Dec. 19. Four hundred miners are entombed in the Darr mines, of the Pittsburg Coal Company, at Jacobs Creek on the Youghiogheny river, 18 miles west of here. Of these four-hundred fully one hundred are Americans, the rest being principally Hungarian.

A terrific explosion shook the vicinity of the mine at 11:30 this morning and announced to all the community that a great calamity of some kind had occurred down under the surface. Soon smoke began to issue in heavy volumes from the mouth of the mine which is of the slope variety. The mouth of the mine was wrecked and this circumstance, in connection with the smoke and fire which was discovered to be raging inside prevented effectually up to 1 p. m. any attemps at rescue of the imprisoned men. The building of the Federal Supply Company, adjacent to the entrance of the mine, damaged by the force of the shock. On account of the violence of the explosion which rent the interior of the mine and the presence of fire, with the blocked condition of the mouth of the slope, it is not thought there is much chance for the men inside.

McKeesport, Pa., Dec. 19.—Telephone messages received here at 2 p. m. indicate that an explosion has resulted in one of the worst mine disasters in the history of this section. Unofficial statements fix the number of men in the mine at the hour of the explosion at 400. If any of these escape alive it will be a miracle.

Expulsion of Jews.

Vladivostok, Dec. 19.—Expulsion of all Jewish residents of Vladivostok is to be rigorously enforced under terms of yesterday's order by the commandant. The authorities blame the Jews for the recent mutinies of the sappers and torpedo boat crews, and say they have reason to think fresh disorder are being fomented from the same source. The town is under martial law, and the commandant has authority to drive out any individual or class he may see fit without special sanction from St. Petersburg whence, however, he is certain to receive full support. Jewish residents are being compelled to dispose to their property at an immense sacrifice, purchasers taking advantage of the fact that they must either relinquish it for what they can get or abandon it altogether.

Supposed Suicide.

New York, Dec. 19.—An inquest has been begun on the body of Dr. William B. Turner, who was found dead in the bedroom of his Eighth avenue home last night with a bullet wound in his head and a revolver on the floor by his side. The only direct evidence of the tragedy is that given by F. L. Bishop, of the contract department, who had been living with Dr. Turner during the latter's wife's absence in California. It was Bishop, who returning late last night, found the physician's corpse. Additional light was thrown on the case, however, by the letter Turner wrote to his wife, who was to have returned in a few days, saying he believed he had been a hindrance and thought Mrs. Turner would be happier without him.

The New Cardinals.

Rome, Dec. 19.—The new cardinals named at the secret consistory earlier in the week were formally introduced to the Sacred College at the public consistory today. The ceremony was elaborate and was attended by church dignitaries and thousands of others.

A Home Made Happy By Chamberlain's Cough Remedy.

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—Geo. W. Spence, Holly Springs, N. C. For sale by W. F. Creighton & Co. and Richard Gibson.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritible wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes." writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great Medicine, that saved his life and completely cured him" Guaranteed for coughs and colds, throat and lung troubles, by all druggists. 50c, and $1.00. FIRE LAST NIGHT.

The burning of a small frame house in the rear of the ice house belonging to the Portner Brewery Company brought out the entire fire department about 8:15 o'clock last night. At the time of the alarm, King street was thronged with people looking at the Christmas goods displayed in the store windows of merchants, but a moment or two later that thoroughfare was practically deserted. The section of the city in which the fire occurred was hard of access on account of the muddy, unpaved street, in consequence of which the city of Alexandria is minus "Dixie", a fine horse, which dropped dead from the strain of drawing the Reliance engine to and from the scene of conflagration. After the fire was extinguished, the horses were hooked to the Reliance and on reaching the intersection of Oronoco and Washington streets one of the animals gave several groans and died before the harness could be removed. The entire fire department went into service and the damage to the house was slight The house was occupied by Nettie Washington, colored.

TORN BY A LION.

In a life-and-death struggle with an enraged lion at Ferari's animal show, at Idlewood Park, Richmond, last night, Alfred Clarke, a trainer, was torn almost to pieces before the beast was subdued. Clarke is dying at a hospital.

The lion, "Sutton," sprang at his trainer when Clarke first entered the cage just prior to the night performance for the purpose of putting him through his usual turn. The lion caught first one of Clarke's arms and then the other, biting through both flesh and bone.

Clarke, fighting for his life, but with both arms crushed, was borne to the floor of the cage, the teeth and nails of the animal tearing great gashes in his back and breast.

Col. Ferari himself was the first man to recognize the danger of the trapped trainer, and he rushed to the rescue. He sprang into the cage and quickly fired fifteen blank pistol shots in the lion's face, finally driving him into a corner of the cage, cowed.

Clarke was removed from the cage and physicians summoned. He was a mangled heap of flesh and bone, and the physicians say he will die before morning.

Clarke is the third man which the lion, "Sutton," has killed since he has been with the Ferari shows.

About Digestion.

It is not the quantity of food taken but the amount digested and assimilated that gives strength and vitality to the system. Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver and enable them to perform their functions. The result is a relish for your food, increased strength and weight, greater endurance and a clear head. Price 25 cents. Samples free. For sale by Richard Gibson and W. F. Creighton & Co.

A Dangerous Deadlock,

that sometimes terminates fatally is the stoppage of liver and bowel functions. To quickly end this condition without disagreeable sensations, Dr. King's New Life Pills should always be your remedy. Guaranteed absolutely satisfactory in every case or money back, at all drug stores. 25c.

KILLED BY YAQUI INDIANS.

Information which has just reached Nogales, Ariz., tells of the frightful murder of 12 men by a band of 150 Yaqui Indians 45 miles southeast of Magdalena, State of Sonora, Mexico, last Wednesday. P. J. McIntyre and a party of mining men have arrived at Nogales from the scene, where they viewed the remains of the murdered men. The Yaquis captured the party of 13 men. Among the number was Jose Fernandez, son of President Fernandez, of the town of Cucurpe, and owner of the Mescal plantation, where the killing occurred. The others were Mexican laborers on the ranch and some Cananea miners looking for work. One American was among the number, but he was rescued by men who told him that they were Americans. The remaining 12 were stripped naked, stood up against trees and shot through the head. A band of Yaquis is reported to be on the warpath.

For any of the ordinary diseases of the skin Chamberlain's Salve is excellent. It not only allays the itching and smarting but effects a cure. For sale by Richard Gibson, and W. F. Creighton & Co.

THE PURE FOOD LAW.

"Not one person in a thousand is aware of the extent of the pure food law" said George B. McCabe, solicitor of the United States Department of Agriculture and perhaps the foremost authority on the pure food regulations of the goverment "It will probably be news to many to learn that the law applies to food for beasts as well as man. Supposing a farmer residing in Indiana, near Chicago, should haul his hay into the Illinois metropolis for marketing. Suppose, also, that this farmer claims his hay to be timothy. If he sells it under this claim, and the purchasers discovers that the hay contains red top the farmer is liable to prosecution under the pure food law. The crossing of the state line makes it an interstate affair, and the regulations apply to shipments or hauls of this sort, as well as to transportation by rail."

There is nothing better offered the public today for stomach troubles, dyspepsia, indigestion, etc., than Kodol. This is a scientific preparation of natural digestants combined with vegetable acids and it contains the same juices found in every healthy stomach. Kodol is guaranteed to give relief. It is pleasant to take; it will make you feel fine by digesting what you eat. Sold by W. F. Creighton & Co.

THERE are certain things that are impossible to say about one's self. For instance, your character, the esteem you hold for your business, your integrity—these are things that cannot be advertised. But you can suggest them through the use of good business stationery.
